A man with short, light brown hair and a light beard is standing in front of a large glass wall. He is wearing a grey long-sleeved shirt under a black quilted vest. # FAQ

## HOW WILL MY ITEMS BE PERSONALISED?

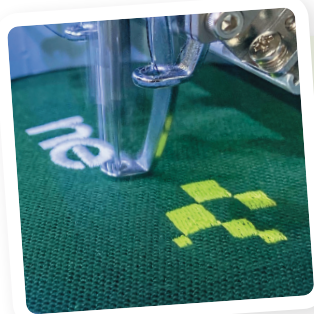

We use a combination of embroidery and printing techniques to put your logo and designs onto the clothing items. The exact technique will depend on the type of clothing that's being personalised. Don't worry. We'll choose the best technique for the job.

## CAN MY ITEMS BE PERSONALISED IN MORE THAN ONE LOCATION?

Yes. Each item includes a simple personalisation in one position, but you can add more designs and more locations. Additional costs will apply.

## CAN I CHOOSE DIFFERENT COLOURS AND SIZES?

Yes. You can add different colour and size options to your order. Think about if your logo will work on all colours. You may need a few versions of your logo.

**PERSONALISATION INCLUDED**

**WIDE RANGE OF GARMENTS & COLOURS**

**FREE DELIVERY**

## HOW LONG DOES IT TAKE?

Most of our branded workwear and custom clothing items are delivered within 10 working days.

## MY LOGO IS VERY DETAILED, CAN YOU STILL USE IT?

Yes. Your local studio will be able to advise on how to simplify the design to ensure the best results, and confirm costs. The cost of a simple logo is included in each item price.

## HOW MANY COLOURS CAN MY LOGO USE?

We'd recommend keeping it simple, most embroidered logos have 6 or less. If you require more, we can use up to 15. Printed logos can use as many colours as you like.

## CAN I SUPPLY MY OWN CLOTHING TO BE PERSONALISED?

Not all clothing is suited to the personalisation techniques that we use. For that reason, we recommend you only choose styles available from our advertised ranges.

## CAN I SEE A SAMPLE BEFORE I ORDER?

Yes. All clothing items are available to order in quantities of one, (at a small cost), so you can order a sample to see how your design will look before placing your full order.
